GERMANY KICKS AT KEEPING UP ALLIED ARMIES

She Does Not Want To Be
Saddled Down, Says
Premier.

By the Associated Press

BERLIN, Nov. 16.—Allied armies of occupation in Germany are being maintained at a strength which is unnecessary, said Foreign Minister Simons, in a speech at Cologne today. He contended the Allied intention in thus keeping the forces in a high state of efficiency is not defensive but offensive.

The foreign minister asked the reason why the Rhine bridge heads had been extended, why military bakeries, capable of turning out four hundred thousand rations daily had been established; why strategic Rhine bridges had been prepared and why Belgian troops equipped almost ready for the march, have been stationed in practical positions behind the armies of occupation.

He declared that these features of the situation gave the impression that territory along the Rhine was being used not for purposes of security, but as a "jumping off ground for further encroachments upon Germany."

A warm protest against Germany being saddled with the expense of these armies is being voiced by the foreign minister.

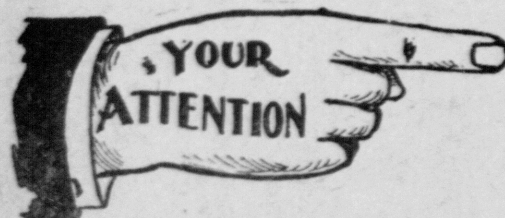

"Oh Daddy" Here.

From everywhere over the road comes favorable and enthusiastic comment by the press about the road show, "Oh Daddy," showing at the McSwain theatre, Thursday night. This is the second good road show booked for Ada this season, and will without doubt show to a capacity house. In selecting a road show program for his patrons Manager McSwain has secured the very best available.

When "Oh Daddy" showed in Wichita Falls the big crowds called them back for the third engagement, forcing them to show Friday, Saturday and Sunday to full houses each day at the large Crawford opera house.

The show-going people of Ada are certainly in for a rare treat and you should reserve your seats early as they will surely play to a full house Thursday evening.

We Claim That It Is Worth While

News' Greater Circulation Campaign contest that are almost as worth while as the Essex car.

Should you win either the second, third or fourth prize you will have something worth a good deal of hard work. Just think what a nice trip to California, with expenses paid, would mean at this season of the year.

Many of our contestants have never been to California, and if one has not been there they have no idea of what it means. If you had to dig up the "cold cash" to make the trip, you probably wouldn't ever make it, but it is going to be easy for some live, hustling young man or young lady to win this prize. The second best contestant gets this trip to California.

The third prize, the \$295 Edison phonograph, is also a prize not to be ignored. This goes to the third best contestant and it is really "a thing of beauty and a joy forever." If you don't believe it, just step down to the shop of the Ada Music Co., on east Main street and take a look at it. If you want to go in and ask Mr. Penrose to let you hear it perform. He or any of his help or associates will be glad to demonstrate the machine at any time.

The fourth prize is one hundred dollars in gold. Five sparkling twenty dollar pieces, to be seen any day in the window of the Merchants and Planters National Bank, corner Main and Broadway. Just think how far a hundred "bones" in gold would go toward buying Christmas presents. In what easier way could you solve the problem of a merry Christmas than by doing a little hustling for the Ada News?

We mention these facts to encourage the various contestants to do their very best. Of course we have a selfish motive in wanting you to hustle. The more you hustle the more subscriptions we get to the News, but we are sure that you are willing for the News to have all the subscriptions it can get. Best of all, the more you hustle the more likelihood you have of winning one of the four capital prizes, and we claim that there are at least four that can be called that without any compunction of conscience.

Remember, friends, there are very few contestants in this campaign. In fact we don't care for a great number. We want a few to do some real tall hustling, and we want them to be rewarded with prizes that will justify all the hustling they do.

The subscriptions are coming in now, not by the dozens but by the hundreds. The people are getting into the spirit of the campaign, and they are willing to help you out. Most every sensible man or woman in the county wants a big, live, influential paper here to be eternally boosting Ada and Pontotoc county and proclaiming their virtues to the world. They are willing to help and it's easy to get subscriptions. Just take up another loop in your belt and hustle and your efforts will be rewarded with one of the nicest gifts that has ever happened to come your way.

Remember there are no losers in this campaign. Aside from the four prizes referred to as capital prizes there are four others that are well worth all it might cost you to get them. Best of all you get twenty per cent in cash commission on all the money you turn in if you follow the rules of the contest as first announced in the big circular and advertisement.

Hail Our Captain's First Mate! Old-Fashioned Tom Marshall Ada's Guest

Vice-President Tom Marshall of these old United States is just a plain, everyday American. He said so himself yesterday while in Ada.

Vice President Thomas R. Marshall.

And what's more, he looks it and acts it. He's the simon pure goods, and if you had a chance to meet him yesterday, you will say the same.

The vice-president was presented with a beautiful bouquet of flowers by the Lions Club, and with an honorary membership in that organization, which entitles him to membership in all of the Lions Clubs of the nation.

"This constitutes our meagre efforts in expressing our appreciation of your presence in our midst," said a note from the members of the club.

Mr. Marshall was highly pleased with his reception. He wore the Lions Club emblem on his lapel when he boarded the train at noon today.

"I'm just a plain, old-fashioned, blue-stockinged Presbyterian," he said in his address last night. "I have found that greatness shrivels when you meet it. There are no great men except those who do great things for their country, their fellowmen and their God."

The vice-president said last night that the greatest man he had ever met was not a man at all, but a woman.

"His name is Evangeline Booth," head of the Salvation Army," he said, "and in my estimation she has done more good for humanity in this country than any of the world's greatest of men."

MARSHALL APPEALS FOR BETTER DEMOCRACY OF AMERICAN PEOPLE

The Vice-President of United States Speaks on
Lyceum Course To Large Ada
Audience.

Coming to Ada almost unannounced, Vice-President Thomas R. Marshall was greeted by a large audience in the normal auditorium last night when he was introduced as a speaker on the Red-path Lyceum course. He had been scheduled to address the people of Ada at a later date, but his appearance here was advanced by the lyceum bureau.

What is wrong with America,

what medicine is needed and the size of doses to be taken formed the text of his subject. His talk was an interesting lecture on the principles of democracy, taking the shape of an eloquent sermon of life's Golden Rule.

"Our great government rests on the democracy of the people themselves," he said. "When the people realize that they must look more to themselves for the kind of government they want, and when they feel in their hearts a real spirit of democracy and practice it among their fellowmen then and then only will we have a real democratic government."

The trouble, he said, is that the people are too hasty to look to someone else for everything. They do not realize their own responsibility as citizens.

The vice-president mentioned that he was a rock-ribbed, dyed-in-the-wool, true-blue, whole-souled democrat. He avoided partisan issues, however, throughout his talk.

He was at ease with his audience from the start. His ready wit and home-made expressions won everyone of his hearers, and they were ready to applaud and encourage him on at every opportunity.

"I'm just a plain, old-fashioned, blue-stockinged Presbyterian," he said. He added that he had held another office besides being the official deaf and dumb man of the nation.

"Yes, I was governor once," he said, adding "I always tell my audience that I was once governor of Indiana."

Mr. Marshall expressed the belief that English should be the universal language of the land. He did not approve of the vast funds that are being spent to Americanize the foreigners who came to this country.

"That flag," he said, stepping back and waving his hand toward the Stars and Stripes in the background, "waves only over those who live and feel the principles for which it stands, the real, fundamental principles of democracy which constitute Americanism."

He appealed for a stronger bond of brotherhood in the fellowship of man, closing with the admonition that America would be on the right path only when the American people learned to feel more strongly the unselfish love for others which guided the Man of Galilee to die on the cross to expiate the sins of his fellowmen.

Vice-President and Mrs. Marshall left at noon today for Ardmore, where the vice-president is scheduled to speak tonight. He came here from Norman, where he spoke at the University of Oklahoma. Both Mr. and Mrs. Marshall praised Ada for its splendid educational institutions and for the friendly spirit of the people here.

They were guests at a banquet given at the Harris hotel last night by the normal faculty, following the speaking at the normal.

PARK MYSTERY MAY BE CLEARED BY CONFESSIONS

The Chicago Actresses Died
From Drink and
Exposure.

CHICAGO, Nov. 17.—Confession from the two men held in connection with the death of the two actresses, Marie Ramey and Lillian Thompson, found in Grant Park Sunday morning, have cleared up nearly all of the details, the police said today, and have established that the girls died from alcohol and exposure and without violence.

Police still are searching for the other two men, who are said to have been with the girls early Saturday evening.

According to the confessions given out by the police, the two men being detained met the girls after they had secured the liquor which played the chief part in causing the death of these two women. Their confession declared they left the girls at their own request in Grant Park and it is believed by the police that the girls were overcome by exposure. Investigation by the police disclosed that the girls had partaken of lemon extract, purchased near their home Saturday night, beside the other liquor, which chemical examinations disclosed in their stomachs. No trace of poisoning was found, the police said.

The two 19 year old youths held in connection with the women's death are Marcus Barnberg, and Harry Jorgenson.

Police indicated today that they accepted the story of the youths, who declared they had not given the young women any intoxicants.

GREEK ARMIES MAY REVOLT FOR VENIZELOS

By the Associated Press

ATHENS, Nov. 16.—There are rumors that it is possible the Greek armies, which are supposed to be loyal to former Premier Venizelos may create the republic of Smyrna, in Asia Minor.

The city is quiet and the parliament house is occupied by troops.

Wait Constantine.

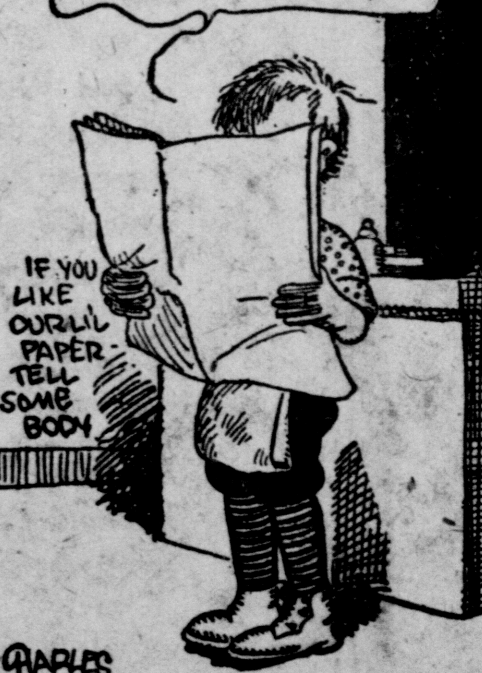

ATHENS, Nov. 17.—"Constantine is our rightful king," former Premier Gounaris, leader of the successful party in the Greek election, told the correspondent today, "and we expect him back as soon as a plebiscite is held showing that the people want him."

New Greek Cabinet.

ATHENS, Nov. 16.—George Rallis, former premier, has succeeded in forming a cabinet to succeed the Venizelos government, defeated in Sunday's election, and the new ministry will be sworn in Wednesday. It was announced today. Rallis is 80 years old.

To Be Deplored

To say that the article appearing on the front page of The Evening News yesterday regarding putting carbolic acid in the water mains was deplorable, is putting it very mildly indeed. The unsuspecting citizen would naturally infer that it came from some one connected with the city government. The truth is no one connected with the city in any way knew any more about it than any other citizen, until the News came out. Of course we all knew then that it was false and proceeded as fast as we could to correct this false impression, but we could not reach everybody. It was announced at the Normal, but this reached only a small part of the people.

It is mortifying to us, but not half so much as to those who went to the trouble of drawing water, buying extra vessels for storage and worry that it caused them. We do not feel that even one of our bitterest enemies could accuse either of us of such a foolish thing, and certainly no such thought ever entered our minds.

The standing of contestants in the Ada News \$3,000 Auto and Prize Campaign appears above. All credits polled up until eight o'clock Tuesday evening are included in this standing.

A glance will convince the most skeptical that this is to be SOME race.

With honors thus far about equally divided, candidates are preparing with feverish haste and intensity to make the most of the remaining three weeks of the first period.

So close is the battle of ballots that just one club of \$20 in subscriptions would put any one of the fifteen leaders away ahead—would change the position of anyone in the campaign materially.

The race is just getting started—and there is no telling who will be the leader in Saturday's paper.

An entirely new candidate could enter the competition now and by persistent, aggressive effort get enough subscriptions in a weeks time to lead the entire field. Impossible, you say?

Read how easy it is to get half a million credits in a box on the sixth page. We tell you just how to get one half million credits. Anyone who wants the Essex car or the California trip has only to take advantage of the wonderful opportunity for credit getting NOW—whether you have 100,000 credits or only 5,000.

If you have a friend in the campaign send in your prepaid subscription at once. You will be doing your friend a great favor—you will be reading the best paper available to residents of Pontotoc County—and you will have a personal interest in a campaign that promises to be exciting—even thrilling.

NEGRO HELD FOR BLOODY CRIME AT MUSKOGEE

Believe Revenge Was the
Motive in Pawnbroker's
Killing.

Muskogee, Nov. 17.—Police today found a pair of blood-stained overalls at the home of Edward Daily, negro, held in connection with the murder of N. Matjafie, pawn broker, who was found Sunday morning beaten to death in his store here. Matjafie was the state's chief witness against Daily in a case where in Daily was to have been tried Monday, on a charge of stealing 25 pairs of shoes.

Authorities announced today they had convinced themselves that the report that the five thousand dollars worth of diamonds stolen from Matjafie was not true. This disposes of the theory that robbery was the motive for murder.

Buffalo Snowbound.

By the Associated Press
BUFFALO, New York, Nov. 17.—Buffalo is snow bound today in one of the worst November storms in its history. Up to seven o'clock this morning more than a foot of snow had fallen.

Local and interurban traffic was demoralized. Hundreds of people walked to their homes, while thousands remained at home.

Guest Brothers Use Novel Plan To Advertise

This is the airplane age. The skies have been bridged. Do not feel that a miracle is being performed before your very eyes if large sheets of paper with startling scare lines across the top start to falling your way from out of the heavens. No, it's not a miracle. It's only the airplane man passing bills for the big sale to start at Guest Brothers' store Friday, lasting fifteen days.

Guest Brothers want everyone to know about their sale, which is being put on by a special sales manager, and they want their bills to reach every part of town. So they have engaged an airplane for the purpose. The bills will be rained down from the skies all over the city.

Don't be surprised if one comes floating down upon you. Remember that the story of "The Mysterious Hand of the Upper Air," is only fiction.

Our Mistake—But Not a Joke on the Part of the News

The Ada Evening News came in for a share of attention at the Normal last night just before the introduction of Vice President Tom Marshall, who spoke to a large audience in the Normal auditorium. President Adolph Linch of the Normal arose to make the introductory address. He paused in his remarks, however, to call upon A. I. Fentem, principal of the Ada high school, for a special announcement.

The special announcement concerned a warning published in yesterday's News to the effect that the city water mains would be flushed today with carbolic acid. Mr. Fentem explained that it was an error on the part of the News, and that folks would be able to continue using the water in safety. He then called upon Commissioner Jones, who was present in the audience, to verify his statement.

"Yes, it was only a joke on the part of the News," Mr. Jones put in.

They say that accidents will happen in the best of regulated families. The News is no exception. We admit that we were imposed upon, and humbly apologize for any inconvenience we may have caused our good readers. But we do object to the statement made by our good friend Jones that it was a "joke" on our part. When a thing interferes with the peace and comfort of the public, it becomes too serious to be called a joke. And the News does not want to cause its readers inconvenience. A "joke" is something funny.

Just as the paper was ready for the press yesterday afternoon some one called the office by phone and authorized the notice. It never occurred to the reporter taking the notice that any one not clothed with authority would give out such information. It appears, however, that some one was trying to play a practical joke on the News and in the rush the usual steps to verify the notice were not taken. It is sufficient to say that the News doesn't appreciate such jokes.

 "OF ANY description."
 AND HE proceeded.
 ON HIS way home.
 I THANK you.

WILSON WRITES LAST MESSAGE TO CONGRESS

Washington.—President Wilson is preparing his final message to congress.
 The message is to be delivered to the final session of congress, which begins Dec. 6.
 Wilson has been at work on it for some time and is understood to have discussed portions of it with various members of the cabinet, though he has not confided in any of them its exact contents.
 Will it Mention Treaty?
 The president has not told anyone whether he will mention the treaty and the league covenant in the message.
 It is understood that it will be devoted mostly to domestic matters and will contain recommendations for tax revisions; will repeat in effect the previous recommendations for legislation to reduce the cost of living and may include other legislative recommendations.
 Some part of each working day is being devoted to preparation of the message. The president makes notes with a pencil, later dictating them to his personal stenographer. No longer is he able to pound out his messages on the old typewriter which he used in the preparation of many historic state papers.
 There is small likelihood of the president delivering the message in person. It is expected to be read to the house and senate by reading clerks.

MERCURY DIPS TO LOWEST IN COLD WAVE

By the Associated Press
 OKLAHOMA CITY, Nov. 16.—The coldest weather of the winter was recorded over a large part of Oklahoma early today, according to reports to the weather bureau here at 6:30 today. The mercury stood at 18 degrees, a little more than two degrees lower than at any previous time this season.
 A rapid warming up, however, is forecast today and tonight. The minimum temperature being predicted between 28 and 36 degrees.

GO TO THEATRE

"Oh Daddy" at the McSwain Kilroy & Britton's presentation of the merry, jazz musical comedy, "Oh Daddy," is to be seen at the McSwain Theater one night, Thursday, November 18. This musical play, which ranks among the emphatic hits scored by Kilroy & Britton in half dozen notable productions was last winter accredited with being one of the most satisfactory attractions of the year. Its performance here will introduce a brilliant cast and beautiful stage equipment under the personal directions of Kilroy Britton. Book and lyrics by Richard C. Maddox and music by T. H. Willhite. This piece did more perhaps than any other product to establish the face of this energetic duo as universal producers of musical comedy. "Oh Daddy" has a logical plot concerning the tangled romance of a wealthy old doctor and a charming widow. The widow is jealous of the doctor's innocence but misjudged interest in a pretty society girl. The doctor's son, a lieutenant from overseas service where he was cited with honor chevrons and many foreign military decorations. The young society girl becomes infatuated with the handsome lieutenant, which eases the mind of the charming widow. This is the bare outline of a story cleverly told amid tinkling harmony, hearty humor and a wealth of song numbers that are all ready widely sung and danced to all over America. Kilroy & Britton have provided a typical musical comedy cast and a large beauty chorus of singing quality. All in all "Oh Daddy" promises to fully sustain the past standard of fully reliable producing firm. This is the only company playing "Oh Daddy."

At the American. With Mary Miles Minter as the star, supported by a really exceptional cast, Healt will present a film version of "Sweet Lavender" by Sir Arthur Wing Pinero at the American theatre for two days beginning Thursday.

Beyond all doubt the best work of the famous English writer, "Sweet Lavender" scored a greater financial success than any other play of its period. It has played in every country in the civilized world and millions of dollars have been paid in at the box office by those drawn to the theatre because of the sweet and gentle humanity of this play.

A really remarkable cast has been cast to interpret the piece. Miss Minter plays Lavender, Theodore Roberts, Phenyl; Harold Goodwin, Clem Hale, and Milton Sills, Horace Weatherburn. Other well-known players are Sylvia Ashton, J. M. Dumont, Starko Parterson, Jane Kerkley and Flora Hollister.

Realt has spared no pains to make "Sweet Lavender" a worthwhile offering. Direct from "Pollyanna" with Mary Pickford, Paul Powell was chosen to stage the piece. His nine years of experience have brought him to high places in the art of the cinema. Beulah Marie Dix, author of plays and novels by the score, wrote the scenario.

"Girl of My Heart." "Abandon Hope, All Ye Who Enter Here!" This warning, scribbled on cardboard and tacked on the gateway of an orphanage by one of the little inmates, starts the action in "Girl of My Heart," which William Fox

is to present at the American theatre today with Shirley Mason as the star.

"Girl of My Heart," adapted from Frances Marion Mitchell's novel "Joan of Rainbow Springs" tells the story of Joan, a little waif who was ousted by the trustees of the orphanage for writing the foregoing sign, and sent to the guardianship of an old woman—whose constant abuse caused her to run away. How she accidentally met a young southerner, whom she prevented from taking his own life because of ill-health; her subsequent experiences as this man's adopted sister and with his old maid aunt; and her development from adopted sister to sweetheart

—all this and more is told in what is described as an exceedingly dramatic story. Indian life figures largely in the tale.

Shirley Mason as little Joan is said to give a most charming impersonation. Others in the cast include Raymond McKee as leading man; Martha Mattox, Al Fremont, Calvin Weller, Hooper Toler and Cecil Vanauker. Edward J. LeSaint staged the production.

I will have classes in china painting Tuesday and Saturday, 2 to 5 p. m. 75c per lesson. First class on November 16th.—Mrs. B. M. Bobbitt, Phone 627. 11-15-3td

Robertson Calls on People To Observe Thanksgiving

By the Associated Press

OKLAHOMA CITY, Nov. 16.—Governor Robertson today issued a proclamation setting aside Thursday, November 25, as Thanksgiving day in Oklahoma. He urged all citizens to observe the day "by turning from their ordinary vocation and gathering at their places of worship to give thanks to the Almighty God for the beneficent care and prosperity that has been our portion during the past year."

The proclamation said in part: "Let us prove by our observance of this day, our gratitude to the Great Ruler of the Universe for his kindness to us as a people; for the health and happiness which he has bestowed upon us; for the material blessing of good crops; for our success in business and trade and in development of the state's great resources; for the advancement in education and knowledge and for the bright prospects of the future; and may we not be unmindful of the difficulties that beset the pathway of the nation's future as it goes forward in the great work of reconstruction, which must follow the destruction and misery caused by the world war."

BOCCE PERMITS EXPIRE DEC. 31. SAYS UNCLE SAM

WASHINGTON, Nov. 16.—All outstanding government liquor permits issued prior to January 17, will expire automatically on December 31, and applications for renewal must be filed by December 31, under regulations issued today by commissioner of internal revenue, Williams. Officials of the revenue bureau explained the effect on the regulations, which make the life of permits one year instead of indefinite as heretofore.

HAVE COLOR IN CHEEKS Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like calomel—yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually.

Keep The Egg Basket Full!

The feed elements that make whites of eggs are entirely different from those that make yolks. When hens aren't fed both the white and yolk making elements, they can't keep the egg basket full. The usual method of feeding mostly grain makes yolks but not enough whites to complete the eggs.

Missouri Experiment Station tests prove that 100 lbs. of wheat, corn, oats, barley and kafir corn make (above bodily maintenance) an average of 224 yolks to 154 whites. Based on data from the same experiments, Purina formulas produce, (above bodily maintenance) as follows:

	Yolks	Whites
Purina Hen Chow	247.49	142.11
Purina Chicken Chowder	182.05	282.55
Combined Ration	429.54	424.66

These Purina chows not only make a practically equal number of whites and yolks but more of both than ordinary chows.

Note that Purina Chicken Chowder contains the necessary white-forming elements to balance up the yolk-making grain ration. That's why it makes hens lay so heavily. Instead of the yolks being absorbed by the hen's system, Purina Chicken Chowder makes the whites to complete the eggs and they are laid. Thus we can absolutely guarantee

more eggs or money back

on Purina Chicken Chowder if fed with Purina Hen Chow as directed. You take no risk.

PAINTING THINGS RED

The Tulsa Tribune mentions editorially the case of a farmer who sold a load of corn to a mill for fifty cents a bushel and bought some corn meal from the mill for \$2.50 a bushel.

That miller was certainly making a handsome profit on the meal he sold. But the chances are that he was making something else that he was not aware of. Without knowing it he was probably making a Socialist. A profit of 400 per cent is almost enough to prejudice one against all profits.

Multiply the farmer's bushels of corn and meal by several million, multiply the miller's transaction by several million, and you will find the most potent cause of Socialism in the United States. Back of every Socialist ballot there undoubtedly is a cause and too frequently that cause is commercial greed and conscienceless profiteering.

There are Socialists and Socialists. Some understand the Marxian fundamentals and are Socialists from principle. Some are born radicals and become Socialists because nothing more radical is in sight. But a great number are Socialists simply because they have received a raw deal and want to get back at somebody. Most Oklahoma Socialists are of this last named variety.

Some years ago we talked from time to time with most of the Socialists in a county that at that time was polling a thousand Socialist votes. Of all the men we talked with only two understood the teachings and theories of Karl Marx. The others were not Socialists in the strictest sense of the term. They were simply disaffected Democrats or Republicans, incensed by some political or economic injustice.

No one ever made any headway fighting Socialists as such. The only sensible way to combat such a philosophy is to remove the infernal causes that produce Socialists. When the country is prosperous, Socialism languishes, which fact is suggestive that its manifestation is the product of discontent and injustice. If this nation will only get back to the doctrine of equal rights for all citizens and the abolition of special privileges, if it will only insure to every citizen a square deal, then Socialism will vanish like a troubled dream.

But Socialism can never be destroyed by converting fifty cent corn into \$2.50 meal.

PROFITS AND BANKRUPTCY

The difference between the price paid the farmers for their cotton and the price spinners pay for the cotton is the difference between a fair profit and bankruptcy. That difference this season would build a hard surfaced highway from Savannah to San Diego. Incidentally it would make the cotton states one of the most prosperous sections of the continent.

The present deplorable system of marketing would be cured by a closer process of marketing cotton or by the building of cotton mills in the cotton states. The tremendous waste sustained by the cotton grower in moving his product from the field to the mill would be eliminated if the farmer could sell his raw product directly to the spinner. It would also be eliminated by the presence in this section of a sufficient number of mills. Both together would be a God-send to this section of country.

The Tulsa World suggests that the Republican legislature turn the spotlight on the statehouse. Second the motion. The spotlight never harms innocent people, and if any of the other kind have their heels on the mahogany, the sooner we are quit of them the better. So bring on the spotlight.

Amid this ceaseless skirl of argument and beating of political tom-toms the American people are thoroughly agreed on one thing and that is they want peace. There is perfect harmony in that one respect. But the mischief of it is that each one of our 105,000,000 people has his own idea of what particular brand of peace is needed.

Some people are born idiots, some go crazy with the heat, and some bet that Cox will carry Ohio and Texas will go Republican.

NEW YORK, Nov. 17.—The Spanish steamer Yute, bound for Dunkirk from Baltimore and 240 miles east, southeast of Cape May, New Jersey, sent out a wireless call for help early today, the naval communication office has announced.

GIVES CONDITION FOR MEXICAN REVOLUTION

By the Associated Press

WASHINGTON, Nov. 17.—No corporation, no group of corporations, and no group of individuals is going "to deliver America's recognition to Mexico," it was stated authoritatively today at the state department.

It was stated that as a preliminary to recognition the American government did not insist upon the abrogation of Article 27 of the Mexican constitution, provided the operation of the article did not infringe upon the right of Americans in Mexico. If the operations of the law enacted under Article 27 were confiscatory, or retroactive, the United States could not accord recognition. The United States, it was declared is actuated solely by a desire to protect all interests of Americans in Mexico.

A LITTLE WARMER, SAYS WEATHER MAN

Oklahoma City, Nov. 17.—Oklahoma continued slowly to emerge last night and today from the cold wave, which has covered the state, according to the reports to the United States weather bureau here today. The minimum temperature recorded here for the 24 hour period ending at 7 o'clock this morning was 26 degrees, the mercury dropping to this level at three o'clock this morning. This minimum, according to the weather bureau report, represents approximately the lowest temperature over the state.

Continued warming up is forecast for tonight, with minimum temperatures of from 34 to 40 degrees.

WILSON SENDS MESSAGE TO LEAGUE HEAD

WASHINGTON, Nov. 17.—President Wilson in a message sent today to Paul Hymans, president of the league of nations assembly at Geneva, extended his personal greetings to the assembly and expressed the "hope and belief that their labors would be of immense value to the whole civilized world."

The message was an answer to one from President Hymans conveying an expression of sympathy voted President Wilson unanimously upon the operating of the assembly last Monday.

NEW STATE SENATORS ARE NOW IN OFFICE

OKLAHOMA City, Nov. 17.—State senators and representatives elected in the recent general election, went into office today, it was announced at the office of the state election board here. The retiring members of the two houses of the state legislature went out of office last night. Certificates of election were being sent out by the election board to the new state senators and representatives today.

GIVES PLAN TO GET BETTER PRICE FOR CORN

Oklahoma City.—The State Market Commission should not be expected to find sale for snapped corn at one dollar a bushel, which one Oklahoma farmer recently gave as a price for several cars of this variety, says a statement issued here by the state board of agriculture.

On the other hand, the commission suggests that the farmer offer it at ten cents above the price the local buyer is paying, or increase the price at home and when his local man meets this, then advance five or ten cents more. In this manner, the notice points out, the local market will be inflated.

IN SOCIETY

There is hope. There is hope for those who stumble and fall. And have still the courage to rise. They journey on with a watchful step. And see through kinder eyes. For the mountain peaks would not seem so high. Were it not for the valley between. And lofty thoughts would inspire us less. If we had not known the mean. There is hope for those who try again. Who will not yield to despair. Who make of failure a stepping stone. To mount life's winding stair. For the morning star shall sing for them. And the rose shall bare its heart. The hills shall be glad because of them. And the rivers of hope shall start.

Distinguished Dinner Guests
Vice-President and Mrs. Thomas R. Marshall and Congressman Tom D. McKeown were the dinner guests last evening of Mr. and Mrs. Ben Schienberg at their new home on Fifteenth and Rennie. The party included also Mr. Sam Schienberg, son of the host and hostess. A charming hour was spent by the big fire place in the living room following the repast. The occasion was most informal, and the vice-president and second lady of the land expressed their delight at being treated like home folks.

Schienberg Home Opened.
Vice-President Marshall and his charming wife who were the honored guests at a luncheon given by the Lions Club yesterday at the Harris hotel were delightfully entertained last evening at a 6 o'clock dinner at the beautiful new home of Mr. and Mrs. B. Schienberg, 135 East Fifteenth.

This was the initial dinner in the big spacious dining room and was an occasion long to be remembered by those fortunate enough to be present.

Beside the nation's vice-president and Mrs. Marshall, Tom D. McKeown, U. S. congressman from this district, was also among the distinguished visitors from Washington.

After dinner, Mr. Marshall always generous and gracious in his mannerisms, became really enthusiastic as he "warmed up" to the occasion before the big comfortable fire place in the living room, where he entertained his friends with many interesting and funny conditions that present themselves at the White House in the course of eight years active service.

Those who enjoyed the splendid occasion were Vice-President and Mrs. Marshall, Hon. Tom D. McKeown, Mr. and Mrs. B. Schienberg and Sam Schienberg.

Normal Faculty Honors Mr. Wilson With a Banquet

About sixty people attended the banquet at the Harris hotel Tuesday night given by the normal faculty in honor of State Superintendent K. H. Wilson. Mr. Wilson was in the city to visit East Central normal and had addressed a large audience in the normal auditorium Tuesday morning. The normal faculty gave the banquet as a testimonial of the high esteem in which Mr. Wilson is held because of his activity in the cause of education and his friendship for East Central.

President Linscheid acted as toast master at the banquet, introducing the speakers in his usual happy manner. Superintendent A. H. Burris of the city schools of Hottelville made a brief talk on the "Schoolman and Education", while Congressman McKeown discussed "The Federal Government and Education."

Superintendent Wilson spoke at some length on the education problems of Oklahoma. He told of the great progress made since statehood in building the state educational system and mentioned some of the things that must be done in Oklahoma ever hopes to reach the high standard of some of the other states. He warmly criticized some of the leading teachers of the state who helped initiate the better schools amendment to the constitution and then fought the amendment when it came to a vote of the people.

Vice-President Marshall and Mrs. Marshall were present as special guests of honor and in response to the request of President Linscheid the vice-president delivered a most interesting and illuminating talk on educational matters. He appealed to the audience to do more for the schools themselves and not depend so much on the national government for assistance. "The things that cost nothing are never appreciated," he said. As evidence of this he referred to his experience in traveling over America. "Citizens have shown me the things in which they took the greatest pride. They have shown me the breweries that were and the cemeteries that are, but not one of them has ever shown me a Carnegie library. They are not proud of those libraries because they were gifts from Carnegie and not the product of their own enterprise."

Those who enjoyed the splendid occasion were Vice-President and Mrs. Marshall, Hon. Tom D. McKeown, Mr. and Mrs. B. Schienberg and Sam Schienberg.

Miss Watson Entertains. Miss Watson, Phi Mother, opened her home, 827 East Tenth, to the sorority and their friends on Saturday night. Jim Evans, the obliging bookkeeper at the Oklahoma State Bank, is having a six-room modern bungalow built at 514 East Twelfth. Knowing that Jimmie was still in a state of single blessedness a representative of the Evening News called on him and tried to rent the house. The News representative was to understand that the house was not for rent but beyond this no information was forthcoming. Readers may draw their own conclusions.

U. S. IS SILENT ON ADRIATIC SETTLEMENT

By the Associated Press

WASHINGTON, Nov. 16.—The American government has expressed no opinion on the Adriatic settlement between Italy and Jugo-Slavia it was said today at the state department. The text of the agreement has not been received at the department, officials said, and any expression regarding the settlement made by the American ambassador at Rome was made on his own responsibility and not by instructions.

Live Stock Report

KANSAS CITY, Nov. 16.—St. Paul had 28,800 cattle, Chicago 39,000 cattle, and Kansas City 30,000 cattle today, a supply sufficiently large to add a further decline to the weak close last Friday.

Trade today was slow in all classes with most sales 25 cents off and the lowest of the year, in fact in several years past. Hogs declined to a new low level for the season last week but rallied today. Sheep trade was quiet and strong to 25 cents higher prices.

Today's Receipts.
Receipts today were 30,000 cattle, 15,000 hogs, and 6,000 sheep, compared with 27,000 cattle, 10,500 hogs and 10,000 sheep a week ago, and 37,900 cattle, 11,650 hogs and 8,237 sheep a year ago.

Beef Cattle.
Considering the total receipts the percent of beef cattle offered today was relatively small, but heavy receipts elsewhere together with lower prices caused a decline here. Quality of the offerings was plain. The few good short fed steers here brought \$13.00 to \$14.00, and plainer fed grades sold at \$11.50 to \$12.75. Grass fed steers sold at \$6.25 to \$11.50, few above \$11.00 or under \$8.00. Cows and heifers, most of them from the range, were in liberal supply and they sold 25 cents lower. Some fed heifers at \$11.50 to \$12.00, and fed cows at \$9.50 to \$10.00 were quoted steady. Veal cattle sold slowly at weak prices.

Stockers and Feeders.
Though more country buyers were here than for some time past receipts were heavy and prices sagged another 25 cents. Few early sales were reported as countrymen were more in the capacity of lookers than buyers and were lining up values, intending to make purchases later in the week. Quality of the offerings is good, supply large, and prices low, affording an excellent time to buy.

Hogs.
Hog prices late last week reached a new low level for the year, but the decline attracted increased demand today and the market was stronger in the face of liberal receipts.

Today's arrivals were 15,000, the largest supply on any Monday since last May. Trading opened early at strong prices, and later was 15 to 25 cents higher. The top price was \$12.85 and bulk of sales \$12.25 to \$12.75. Pigs were 25 to 50 cents higher, top \$12.60.

Sheep and Lambs.
Though prices in the sheep division were steady to 25 cents higher quality was rather plain, and there was no particular snap to the trade. Most of the offerings were short fed native lambs that sold at \$11.00 to \$11.75. No choice western lambs arrived. Sheep were quoted steady.

Horses and Mules.
A further moderate improvement was reported in demand for horses and mules, and the general trade is recovering from the recent depression.—Charles M. Pipkin, Market Correspondent.

Up to Date.

FOR TORPID LIVER

Tennessee Lumberman Talks of His Successful Use of Black-Draught for Colds and Headaches.

Jamestown, Tenn.—"I have used Theodor's Black-Draught for years, in fact it is the only liver medicine that does me any good," says Mr. L. A. Ragan, a well-known lumberman of this place. "When I was single, I used it for headaches, and especially if I got a cold and feel feverish, I take a good dose of Black-Draught, and it sets me right."

"Since I have been married, I have used it in my family, and never have found its equal for torpid liver or disarranged stomach, especially with children. I can recommend Black-Draught, and gladly do so."
Every member of the family occasionally needs the assistance that Black-Draught can give, in helping to cleanse the system and relieve or prevent the troubles that come from a lazy, torpid liver.
If your liver is not doing its duty, you may suffer with headache, constipation, biliousness, indigestion, etc. Unless relief is obtained, serious sickness may result. In its long and successful use, Theodor's Black-Draught has been found in thousands of cases to relieve such disorders, by stimulating the liver to do its important work. Ask for Theodor's Black-Draught, and insist on the genuine. NC-137

SUSPECT IS ARRESTED IN MURDER CASE

Chicago, Nov. 16.—Harrell Potter, said to be a deserter from the Great Lakes Training Station, was arrested this morning as a suspect in connection with the murder of two young actresses, whose bodies were found yesterday in Grant Park. Potter was found to have a vial said by medical authorities to have contained poison. The arrest was made following information obtained by the detective bureau that the two murdered actresses had been seen with a sailor, prior to the murder.

"Then why don't you let your millions go and be poor again?"
"That would be of no use. I'd still feel miserable thinking of those poor fellows cursed with money."

Stunt Bird Man
May Perform in
Plane Over City

After sailing over the city several times a Curtiss aeroplane containing three representatives of the Aerial Advertising company of Oklahoma City landed at the Barringer farm one mile south of the city about 3 p. m. yesterday.

The personnel of the party is H. A. Madaris, business manager; G. H. Willingham, pilot, and L. L. Wells, stunt man. They are en route to a warmer climate and expect to stop next at Shreveport, La., and from there they will go to several of the leading towns of the south where they will perform stunts during the winter.

The Curtiss machine in which they travel and perform the stunts is equipped with a late model 150 horsepower Hispano-Suazi engine, and the craft is capable of making 175 miles an hour.

Mr. Wells, the stunt man is said to be a very daring performer. One of his stunts which has attracted much attention in the north during the past summer season is that of climbing from the landing gear to tail skid while the machine is traveling at a rapid rate of speed.

These gentlemen are still in the city and may decide to perform a few stunts here before leaving and may decide to take up some passengers. A representative of the Evening News has been invited to take a ride in case they arrange to make flights from this city.

STRONG FOOTBALL
SQUAD COMING
FOR BIG GAME

Next Saturday afternoon at 2 o'clock the Northwestern State Normal football team will meet the local normal squad in what promises to be the fastest game of the season. These two teams have been rivals for many years and the game Saturday will be a deciding factor in the supremacy of one or the other.

The Normal team is in good trim for the clash, and present condition promise good results for the locals. Coach Clary is training his men especially for this game and all who love the game will miss a treat if they fail to see it.

ATHENS, Nov. 17.—Queen Mother Olga of Greece will probably assume the regency today, it was learned here this forenoon. The Queen Mother is the widow of the late King George who was assassinated at Saloniki in 1915. Admiral Coundouriotis is the present regent.

LIVING AND DEAD
TAKEN FROM MINE

EARLINGTON, Ky., Nov. 17.—Ten miners were rescued today from the burning Arnold coal mine near here. Bodies of five others were recovered. The rescue, effected by tunneling around the fire, which had shut off the entry of the mine, came twenty hours after the flames had broken out. Some men are still believed to be missing.

The three white miners among the sixteen entombed are among the dead, all of the rescued being negroes, as also the one missing man. All except one of the dead are survived by widows.

News From the Hospital

Mrs. Valle returned to her home Tuesday after spending two weeks in the hospital where she stood a successful operation for tumor.

Mrs. Sees the night nurse who has been confined to her bed with the influenza is much better now and should soon be in condition to resume work.

Miss Medley returned to her home at Maxwell Tuesday, having spent three weeks in the hospital during which time she was operated on for appendicitis. She is getting along nicely.

Oleta May, the baby daughter of Mr. and Mrs. T. E. Graham is improving slowly. She was operated on a week ago for an abscess on the left leg, and the wound is healing very slowly.

Miss Gertrude Carlton, the young stenographer whose leg was badly crushed and mangled in an automobile wreck a month ago which necessitated an operation a few days later is slightly better but her condition is still regarded as serious.

Mrs. Fred Cox, formerly Miss Lucille Wales, is now in charge of the Faust hospital as head nurse. Mrs. Cox was formerly employed in this capacity for seven years until she was married four years ago and resigned to take up the household duties of her home. Her husband died last February and she has returned to her former position for which her experience has eminently fitted her.

She relieves Mrs. Spencer who has resigned to engage in private nursing.

PICTURES TELL PRESENT CONDITIONS IN BOLSHEVIST RUSSIA

Electrical employes in Moscow factory waiting in bread line and women digging trenches under direction of soldier.

These pictures, just received from the land of Lenin and the Bolsheviks, show more vividly than stories the conditions there. The upper photo shows a group of electrical employes, many of

them experts, in a Moscow factory waiting for their rations of bread. Judging by their looks they obtain plenty of food, but the variety and manner of getting it are unsatisfactory. That

women are not being considered in the new order is shown by the lower picture. The women are handling the shovels while the soldiers—Lenine's men—direct the work.

Are You Getting
The Full Value
of Your Paper

"Every farmer who has an oversupply of anything useful or who has a superior quality of some product needed by others should advertise his wares in the paper which reaches a class of folks who might be in need of just that very thing."

This was the statement of County Agent Hill when asked by an Evening News representative if he had a message for the farmers of this county.

Mr. Hill supplemented his statement by referring to certain cases in the neighborhood of Ada which illustrates his meaning.

"I know of one farmer who lives not far from Ada who has been feeding a very choice quality of barley to his hogs, simply because he happens to have an oversupply. Not over three miles from that man lives another farmer who has ordered a quantity of barley from Oklahoma City to be used for seed. This latter farmer would have been glad to have got his seed from the farmer who has the oversupply had he known that the farmer had it. A little advertising either of the supply or the wants of these men would have operated to the good of both."

Mr. Hill explained that many of the farmers of this section are now selecting their seed corn. Some of them will no doubt find more good seed ears than they will have use for, while many farmers will not be able to find corn on their own farm that is suitable for seed.

"These particular seeds were just mentioned by Mr. Hill to convey an idea of what great good would result to the farmers if they would advertise what they have to sell and explain what they need."

Most good business men in the cities and towns know from experience of the good that can be accomplished through advertising, and the most successful businesses of the country are those which advertise most.

Some farmers have learned that the "want" and the "for sale" columns of the daily and weekly papers are very important sections and patronize them liberally to their own good.

The brief line, "For sale—good grade barely seed," speaks volumes to the man who is in need of that article, and the cost of running the ad is almost nothing.

The daily and weekly News reach several thousand persons in Pontotoc county each publication day and you will find the advertising section very profitable.

Discouraged Citizens Will Find
Comfort in the Experience
of an Ada Woman.

Experience is the modern instructor. Profit by the experience of others. It may save your life. The experience of friends and neighbors.

The testimony of Ada people. Will bring renewed encouragement.

Here is a case in point. Mrs. C. Sturdivant, Ninth and Ash streets, Ada, says: "I and another member of my family have used Doan's Kidney Pills. Because of the good help they have given me, I recommend Doan's highly."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Sturdivant had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

TROOPS FIRE ON
GREEK DISTURBERS
AFTER ELECTION

By the Associated Press

ATHENS, Nov. 16.—Troops fired from a number of points on several occasions today to disperse after-election trouble makers. Tonight there are fears of further trouble which may lead to martial law and there is said to be danger that the army may get out of hands.

Simpson's Force Is
Given Feed By Head
of Surprise Store

Some time ago Mr. R. W. Simpson, head of the Surprise Store, now known as Simpson's, stated to his salespeople in a somewhat jocular way that if they put the sales of the store for the month of October this year as much or above what they were for October of last year he would treat the whole force to a good banquet.

As strange as it might seem, in view of what some people are disposed to term "hard times," Mr. Simpson was forced to make good, and on last evening the whole force of twenty-one were seen in the dining room at Mrs. Land's eating and making merry at a special table prepared for them and which was teeming with good things to eat. Simpson's is one of the largest department stores in the city and enjoys a lucrative business in all seasons, good or bad. Mr. Simpson as well as his salespeople believe that times are just what you make them, and the spirit of optimism and good cheer that pervades this big

The Largest and Best Store for Men and Boys in Ada and East Central Oklahoma

TEACHERS TO TAKE
CITY NEXT WEEK

It is not going to be an easy task for the people of Ada to furnish rooms to the teachers of East Central district during the annual meet of East Central association next week, according to Mr. E. C. Wilson of the normal, who has general supervision of the preparations for the meet. He is in receipt of a letter from Superintendent Bruner of Okmulgee, who states that there are 120 teachers in the city schools of Okmulgee and that of this number 120 will attend the meet at Ada. He asks Mr. Wilson to reserve 120 rooms for Okmulgee city teachers alone.

Indications are that the annual meeting will be one of the most successful ever held in this district. Some of the best talent in the entire country has been secured for the entertainment and instruction of the visitors. Among the headliners who will be present are Dr. Charles A. Bennett of Peoria, Ill.; Dr. Byron W. King of Pittsburg, Pa.; Dr. David Snedden, and Dr. Jewell of Fayetteville, Ark.

Dr. Jewell was one of the lecturers at the annual meeting a year ago and made such a decided hit with his audience that a special effort was made for him to return this year. There will be a full two days' program of features well worth hearing.

store is in keeping with the permanent policy of the institution.

The Simpson sales force is one big happy family, among whom no contention ever arises. They believe in doing business on the square co-operating in all things and spreading sunshine wherever they go. Mr. Simpson himself, when interviewed by a News man last evening, attributed his success in a large degree to being able to maintain a happy and contented organization of helpers, and to liberal and consistent advertising in the Ada News.

Chicago Concern
Awarded Frisco
Depot Contract

It was announced today that the Kelly-Atkinson Construction company of Chicago has been awarded the contract to build the new Frisco freight depot at this city. It was not announced just what their bid was and the plans of the building are not available at this time but it is unofficially reported that the structure will be built of brick and that the outside dimensions will be thirty feet by 138 feet.

The new depot will be erected near the former site of the old freight depot which was destroyed by fire April 28, 1916, between Townsend and Broadway, facing Townsend.

Since the fire the Frisco has maintained their freight offices in some box cars which were supplied out for that purpose, and the employees will welcome the new quarters.

It is supposed that much of the

construction work will be done by local mechanics and workmen, and most of the material used will be obtained from local concerns.
